

Fluent Opens Larger Office in Ann Arbor, MI

FLUENT HAS OPENED a new, larger office in Ann Arbor, MI. This expanded office location allows for the addition of more customer service staff, an expanded training facility, and a much larger computer resource center. The new training facility can accommodate more people and allows for the addition of new educational sessions on advanced automotive application areas such as underhood thermal management, noise prediction, and HVAC system analysis.

Fluent invites you to take full advantage of the facility. Meet with the US customer services team, get trained on new product innovations, and discuss how the Ann Arbor team can provide consulting services to meet your engineering needs.

Fluent
3005 Boardwalk, Suite 100
Ann Arbor, MI 48108
